

E-Blast for Friday March 18 –

Board Meeting Notice:

Your Board of Directors will be holding the March Board meeting on Thursday, March 24th at 10 am. The meeting will be held via zoom. Both the zoom link and agenda can be found on the homepage of the RECOA website www.ridgeowners.org.

Land Effects:

Land Effects is back on site for the season, they are working on Spring cleanup and checking all the irrigation systems. The irrigation will not be turned on for a few more weeks. The crews will start weekly maintenance after the Spring Cleanup is completed around mid-April.

Sports Center Advisory Committee:

It's not too late to indicate your interest in the open position on the Sports Center Advisory Committee.

In last week's eBast we announced an open position on the Sports Center Advisory Committee. Thanks to the four owners who've indicated an interest in filling the position on the committee. The deadline for submittals is Tuesday, March 22, so there are still a few days if you are interested.

If you are interested in being considered to serve on this committee, please send an email to Liz Lopez at liz.lopez@eagle-crest.com. In the email you should provide a statement of interest and include your current level of involvement in the sports centers. Interested candidates will be contacted for an interview, with a single candidate being recommended to the RECOA Board for final approval.

Social Media and RECOA:

For those who follow Next Door, you may be seeing postings about various RECOA projects and activities. Although there is no rule against it, Board members and Committee members typically do not respond. RECOA's preference is to post information on the RECOA website, send emails to the RECOA ownership, and/or speak with owners individually.

While social media can be a good way for owners to exchange information and opinions, it is important to remember that owners who are not on Committees or otherwise involved in RECOA activities may not have complete or accurate information. If you have questions or concerns about anything posted on social media with respect to RECOA, please reach out directly to a Board or Committee member to clarify the information. We are committed to making sure owners have full and accurate information about what is happening in Eagle Crest.

Do Not Feed the Wildlife:

Just a reminder to let our Eagle Crest wildlife forage for their food! Especially as we approach spring and watch our babies appear, it's important that we let the wildlife feed on their natural diet to keep them, and their new little ones, safe and healthy.
