President Messages

Mailbox Project Update: General contractors are preparing their bids for the work. Three vendors have been identified to supply the materials and are re-calculating their estimates. The USPS has met with the project team to provide their requirements and support. The optimistic goal is to accomplish the projects in June.

Records Review: A long-overdue "review of records" has begun. In this review, the storage and formatting and safe keeping of all Association records will be reviewed and documented by ECM and Board members Robert Sharpe and Linda Ficere. We consider this a much-needed housekeeping activity, and part of the Board's responsibility to owners.

Cattle: If you see cows on RECOA or private property please call Eagle Crest Management right away at 541-548-9310 if it is during regular business hours, and email or phone at least one Board member so we know action is being taken. After hours and on weekends, please contact any Board member by phone or email so we can attempt to contact the owner, Ms. Cyrus.
