

RECOA Owners,

This is a notice for herbicide spray application on RECOA property only. The vendor is planning to spray the ditch that runs along William Lyche, the Spring Ridge ditch along the southwest side of Eagle Crest, and the open area to the west of Creekside. This is the same pre-emergent herbicide that they used for roadside application.

If you would like more information, please click the link below or visit the RECOA Website, click on the tab "Community Info" and select "MSDS Spraying".
